Objective

Seeking a position as a software tester where I can utilize my knowledge of software testing methodologies and gain hands-on experience in quality assurance. Eager to contribute to ensuring the delivery of high-quality software products through rigorous testing and attention to detail.

Education

- **Saurashtra University**   2023-2025
  MSc IT
  7.0

- **Atmiya University**   2020-2023
  BSc IT
  7.31

Skills

- Problem solving
- Critical thinking
- Test Cases
- HLR
- Defect Report
- Good knowledge of SDLC, STLC & BDLC

Projects

- **Swag Labs**
  Swag Labs is an e-commerce website where I found bugs and created HLRs, test cases, test scenarios, and defect reports. Through this project, I learned a lot about manual testing.
